Career Objective

Highly motivated and results-oriented Full-Stack Developer with a deep expertise in technologies like React, Redux-toolkit, TailwindCSS, MongoDB, NodeJs, JavaScript, HTML/CSS, Git and seeking a challenging role to leverage full-stack skills and contribute to the development of innovative, user-centric web applications. Eager to collaborate with a talented team and grow within a dynamic organization.

Personal Projects

Mar 2024	**Blog App** Architected and developed a highly interactive React blog web app (CRUD, Authentication) leveraging Redux-Toolkit, Tailwind CSS, and Appwrite. This application empowers users with seamless article creation, editing, and management, fostering a user-centric experience. **Repository** ⬈ **Live Demo** ⬈
Feb 2024	**Message Board App** Created a versatile message board app with React, MongoDB, Express.js, and Node.js. Empowering seamless thought-sharing, it provides a robust platform for interaction and engagement. **Repository** ⬈ **Live Demo** ⬈
Jan 2024	**Shopping Cart** Streamlined shopping cart app built with MERN Stack for a seamless e-commerce experience. Manages products, orders, and payments. **Repository** ⬈ **Live Demo** ⬈
Jan 2024	**Pokemon memory card** ⬈ Developed an interactive Pokemon memory game using React and Tailwind CSS. Enhances memory and cognitive skills with timer and scorekeeping to track progress. **Repository** ⬈ **Website** ⬈

Dec 2023	**Portfolio Website** ⬈
	Interactive portfolio website showcasing skills & projects.
	Repository ⬈ **Live Demo** ⬈
Sep 2023	**TodoVault App** ⬈
	User-friendly to-do list app for task management & productivity.
	Responsive design for all devices.
	Repository ⬈ **Live Demo** ⬈

Education

Nov 2021 – present	**MSc - Computer Science,**
	Surendranath College, University of Calcutta
	CGPA : **7.40**
Sep 2021	**BSc - Computer Science,**
	Bangabasi College, University of Calcutta
	CGPA : **7.786**
Jun 2017	**Higher Secondary (XII), Science,** Krishnagar Collegiate School
	Percentage: **65.40%**
Feb 2015	**Secondary (X),** Krishnagar Collegiate School
	Percentage: **78.14%**

Interests

Staying ahead of the curve in frontend development by exploring new technologies like artificial intelligence and machine learning and deepening my knowledge of core computer science principles. Passionate about building user-centric applications through frontend development and UI/UX design.
